A HEALTHY, HAPPY OLD AGE

May be promoted by those who gently cleanse the system, now and then, when in need of a laxative remedy, by taking a desertspoonful of the ever refreshing, wholesome and truly beneficial Syrup of Figs and Elixir of Senna, which is the only family laxative generally approved by the most eminent physicians, because it acts in a natural, strengthening way and warms and tones up the internal organs without weakening them. It is equally beneficial for the very young and the middle aged, as it is always efficient and free from all harmful ingredients. To get its beneficial effects it is always necessary to buy the genuine, bearing the name of the Company—California Fig Syrup Co.—plainly printed on the front of every package.

Peruna Secrets You Should Know

Golden Seal, the root of the above plant, is a very useful medicine. Many people gather it in our rich woodlands during the summer. Few people know how valuable it is in dyspepsia, catarrh, and as a general tonic.

Many thousand pounds of this root are used each year in the famous catarrh remedy, Peruna. This fact explains why every body uses Peruna for catarrh.

7:30 p. m.

Golden Seal, 4:7.
A free reading room, same address where authorized Christian Science literature may be found, is open every afternoon except Sunday from 1 to 4 o'clock.
A cordial invitation to attend the church services and to visit the reading room, is extended to all.

COGITATIONS ON RECIPROCITY

Speculation Rife as to When Treaty Will Actually Take Effect.

First Section Can't Take Effect Till Treaty is Past Parliament—Second now In Force.

By United Press Wire.
Washington, Aug. 25.—Just when the Canadian reciprocity agreement will become operative, now that it has been finally ratified into law by congress and President Taft, was a question upon which there was a division of opinion among authorities here today.

As agreed to, the measure contains two sections. The first sets forth the full duties and free list articles to be sent under the terms of the bill from this country to Canada, and the dutiable and free lists of articles sent from the Dominion to the United States.

The second section provides for free entry into the United States, from Canadian provinces that do not enforce any export tax or other restrictions, on shipment to the United States, of wood pulp, newspaper and other paper and paper board manufactured mainly of wood pulp and valued at not more than four cents a pound.

Smoot's Opinion.
Senator Reed Smoot, Republican, Utah, one of the highest authorities on the tariff in the senate, today asserted that the first section of the bill could not take effect until it had been passed by the Canadian parliament.

"As to section 2," he said, "there is a strong opinion among senators that it will take effect on the passage of the bill by congress, even if Canada, at that time, has taken no action on the reciprocity measure."

In the first section of the agreement is a provision setting forth that the dutiable and free lists of articles from Canada "shall take effect whenever the president of the United States shall have satisfactory evidence and shall make proclamation" that the dutiable and free lists of the United States goods sent to Canada are recognized by the Dominion.

Section two, of the United States bill, is a plain statute that requires no action by the president to carry into effect.

Nelson Says It's Outside.
Senator Nelson, Republican, Minnesota, has said it is "utterly outside the scope of the reciprocity agreement."

The opinion of Senator Cummins, Republican, Iowa, was thus expressed. The difficulty about the present arrangement is as the senator from Minnesota said. For some reason or other, the house had segregated section two from the remainder of the bill, and it is doubtful whether it will be controlled by the proviso and the conditions of the previous part of the bill. If it is not so controlled then it is not reciprocal, and we would be in danger of the favor-education clause.

An apparent defect in the United States bill was pointed out by some senators. If Canada should, some day, repeal the Canadian bill, the United States law would remain in force until congress could take action.

It was several times suggested that the bill be amended so that it would be automatically repealed in the event of the repeal of the Canadian law by the Ottawa parliament, but the general belief was that the conditions under which it might operate to the disadvantage of the United States were beyond the range of possibility.

Attack Like Tigers.
In fighting to keep the blood pure the white corpuscles attack disease germs like tigers. But often germs multiply so fast the little fighters are overcome. Then septicemias, boils, eczema, salt rheum and sores multiply and strength and appetite fail. This condition demands Electric Bitters to regulate stomach, liver and kidneys and to expel poisons from the blood. "They are the best blood purifier," writes C. T. Hudson, of Tracy, Calif. "I have ever found." They make rich, red blood, strong nerves and build up your health. Try them. 50c at Tschannen Bros.
